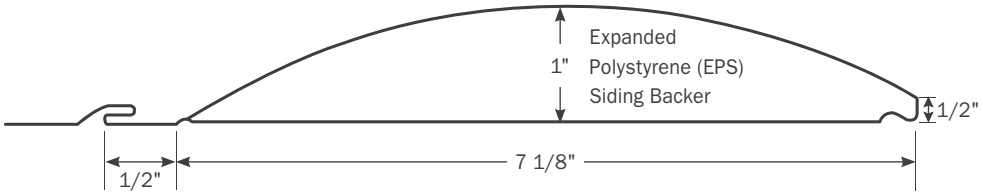
EM 8 Log Seamless Siding Machine

When you are looking for a realistic, natural woodgrain exterior, the EM 8 Log Seamless Siding Machine will surpass your expectations. Create an eye-catching, log cabin appearance with this robust and user-friendly roll-forming machine. This steel siding looks great on both residential and commercial exteriors. The EM 8 Log Seamless Siding Machine features our self-contained embossing system that applies a natural woodgrain texture to steel coil, adding strength and beauty.

8-INCH PROFILE *(included with the machine)*



Note: *The 8-inch log profile requires a custom foam backer.*
